

Glasba in mediji

Predmet se posveča vsebinam s področja glasbe in medijev, tako tistim, ki definirajo teoretsko polje razumevanja posameznih glasbenih zvrsti v razmerju do drugih kulturnih form, kakor tudi tistim, ki glasbo in njen družbeno organizacijo ter percepциjo postavljajo v določen družbeni, ekonomski in politični kontekst.

V tem smislu bo predmet podrobneje obravnaval naslednje teme:

- kulturna zgodovina glasbe
- teorija glasbe: definicije in pristopi
- estetika glasbenih žanrov
- glasba kot kulturna in medijska forma
- glasba in družbene institucije
- glasba kot posel in ekonomska kalkulacija
- glasba in občinstvo
- glasba in medijska kultura
- razmerje med glasbo in specifičnimi mediji.

Music and Media

The course focuses on topics from the fields of music and media, both those that define the theoretical field of understanding individual music genres in relation to other cultural forms, as well as those which set music and its social organization and perception in a particular social, economic and political context, including:

- cultural history of music,
- theory of music, definitions and approaches,
- aesthetics of music genres,
- music as cultural and media form,
- music and social institutions,
- music as business and economic calculation,
- music and audience,
- music and media culture,
- relation between music and individual media.
